

SCAVENGER SALE

COOK COUNTY TREASURER
MARIA PAPPAS

EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

(Page 1 of 3)

1. The Cook County Treasurer's Office collects 99.5% of property taxes billed for any given tax year after the Annual Tax Sale is held. Delinquent taxes will be included in a Scavenger Sale only if the property has unpaid taxes for three or more years over a 20-year period. By the time the Scavenger Sale is held, only 0.23% of taxes for any year will be offered at the Scavenger Sale.
 - Slides 7, 8
2. The purpose of the Scavenger Sale is not to collect delinquent taxes, but it is to find new owners and get the properties back on the tax rolls. Per the Illinois Supreme Court, the Scavenger Sale "assumes that the other available methods of tax collection have been exhausted" and "is designed, as a last resort, to extinguish tax liens and forfeitures and to attempt to restore the property to a productive status." *In re Application of Rosewell (Levin)*, 97 Ill. 2d 434, 442 (1983).
 - Slide 9
3. The process to go to deed on a residential property takes more than two and a half years. This lengthy process may discourage participation and bidding at the Scavenger Sale.
 - Slides 12, 13
4. Properties offered at Scavenger Sales do not generate interest from tax buyers. Over the seven Scavenger Sales from 2007 through 2019, a mere 8,449 properties (5.8%) of 145,030 properties offered were actually sold to private buyers. 136,581 properties (94.2%) were not sold to private buyers.
 - Slide 16
5. Properties continued to accrue delinquent taxes year after year, drawing no interest from private buyers at sale. 7,272 properties offered at Scavenger Sale had 19 or 20 years of unpaid taxes. 5,820 of the properties are vacant lots.
 - Slide 21

EXECUTIVE SUMMARY

(Page 2 of 3)

6. The majority of properties offered at the Scavenger Sale are vacant lots, which helps explain why they attract few bids from private buyers. Vacant lots accounted for 88,015 (60.7%) of all 145,030 listings included at Scavenger Sales 2007 through 2019.
 - Slide 15
7. A disproportionate number of properties on the Scavenger Sale list are located in wards in Chicago that have predominantly Black populations. Majority Black wards accounted for 21,533 (84%) of the 25,730 Chicago properties offered at Scavenger Sales from 2007 through 2019.
 - Slide 34
8. There is also a disproportionate number of properties on the Scavenger Sale list that are located in Cook County suburbs with a Black population of at least 40%. Those 29 suburbs make up 20,366 (79%) of the 25,590 suburban properties.
 - Slide 37
9. Chicago wards with the most properties on the Scavenger Sale list lost population, reflecting a lack of demand for housing and an obstacle for development. 12 of the top 13 wards with the most properties offered at the last seven Scavenger Sales lost 31,335 residents between 2010 and 2016.
 - Slide 35
10. Disproportionate tax increases on Scavenger Sale properties discouraged potential tax buyers. Scavenger Sale properties in the suburbs saw taxes rose 183% compared to the 83% increase from 2000 to 2019 on all properties in those suburbs, according to “The Pappas Study.”
 - Slide 44

EXECUTIVE SUMMARY

(Page 3 of 3)

11. Violent crime drives down demand for housing in wards with the most properties offered at the 2007-2019 Scavenger Sales. Half of all violent crime in the city is focused in the top 13 wards with the most properties listed on the Scavenger Sale.
 - Slides 46, 47
12. High delinquent taxes discourage owners from saving their property from the Scavenger Sale. Of 50,554 properties with known market values offered at the Scavenger Sale between 2007 and 2019, 21,589 (42.7%) owed taxes that were more than half of the market value.
 - Slide 51
13. Cook County Land Bank has sought residential property more than vacant land or commercial/industrial property. Of the 22,786 unique properties with a no-cash bid by the Land Bank, 12,673 (48%) were residential properties.
 - Slide 54
14. Of the 8,886 properties returned by Land Bank from the 2015 and 2017 Scavenger Sales, 6,147 are located in Chicago, compared to 2,739 in suburban Cook County.
 - Slide 57
15. The Cook County Land Bank's practice of bidding, returning, and then re-bidding on properties prevents any other interested party from bidding on the property at either future annual or Scavenger Sales. Of the 9,190 properties it sought in 2019, 3,653 (39.7%) were properties it had previously returned.
 - Slides 58, 61
16. The General Assembly should re-examine the Scavenger Sale, which it created in 1943.

BACKGROUND – PROPERTY TAX COLLECTION

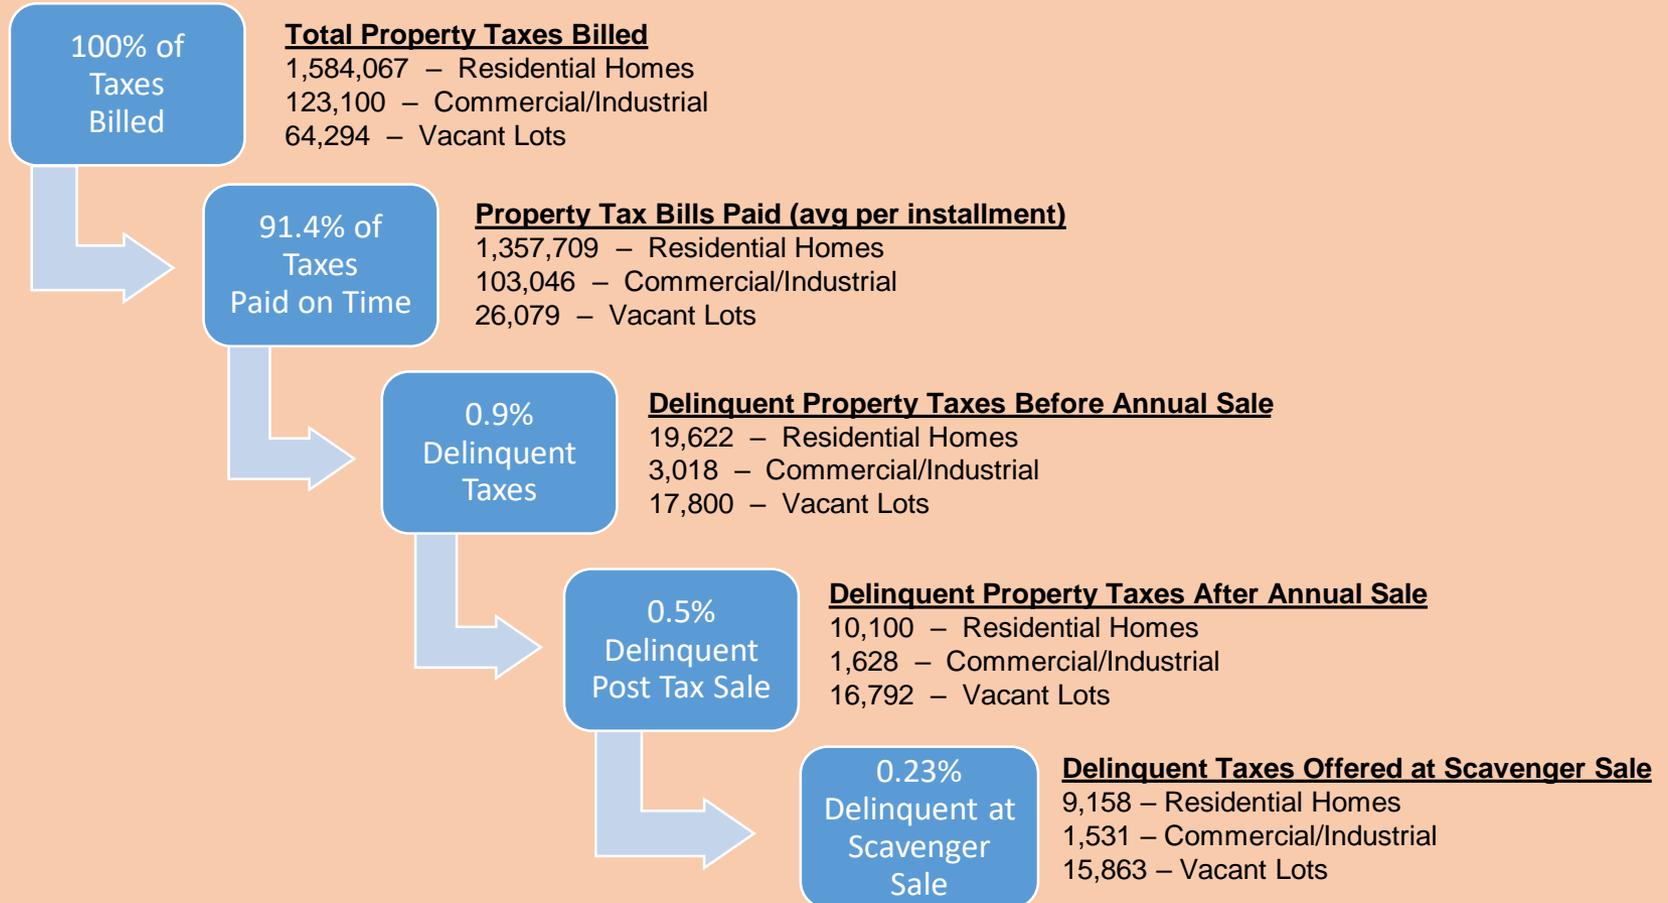

SCAVENGER SALE

BACKGROUND – PROPERTY TAX COLLECTION

- The Cook County Treasurer sends out property tax bills in two installments each year.
- Unpaid taxes are offered at the Annual Tax Sale—the State’s main delinquent tax enforcement system.
 - Private tax buyers buy the delinquent taxes on many properties and pass on the rest.
- If a property was not sold at the Annual Tax Sale three or more times (or otherwise has three or more years of unpaid taxes), it is offered at the Scavenger Sale.
- Tax Year 2017, the last full collection year where delinquent taxes were offered at the 2019 Scavenger Sale, is shown as an example on the next page.

COOK COUNTY TREASURER PROPERTY TAX YEAR 2017

SCAVENGER SALE

LEGISLATIVE INTENT

- The legislative intent of the Scavenger Sale Act is to find new owners of tax-delinquent properties who will pay property taxes in the future.
- Per the Illinois Supreme Court, The Scavenger Sale “assumes that the other available methods of tax collection have been exhausted” and “is designed, as a last resort, to extinguish tax liens and forfeitures and to attempt to restore the property to a productive status.” *In re Application of Rosewell (Levin)*, 97 Ill. 2d 434, 442 (1983).

SCAVENGER SALE

SCAVENGER SALES – POSSIBLE OUTCOMES

- Properties with three or more years of delinquent taxes are offered at a biennial Scavenger Tax Sale.
- There are three possible outcomes for a Property Index Number (“PIN”):
 - **Sold**
 - A private tax buyer places a minimum bid of \$250 on the delinquent taxes.
 - The winning, highest bid only entitles the buyer to a tax lien on the property—the buyer does not own the property unless they follow all steps required by Illinois law to receive a tax deed.
 - **Not Sold (Forfeited)**
 - No successful bids were received for a property.
 - **No-Cash Bid**
 - No-cash bids are placed by/on behalf of government entities.
 - Per 35 ILCS 200/21-260(g), Cook County places no-cash bids on behalf of the other taxing districts/municipalities.
 - County Ordinance 13-0-07 also grants the Land Bank the authority to place no-cash bids on properties within Cook County.
 - A no-cash bid does not transfer ownership unless all steps required by Illinois law to receive a tax deed are followed.

SCAVENGER SALE

WHAT IS A REDEMPTION?

- If taxes were sold to a private buyer or sold via no-cash bid by a government entity, the property owner has the ability to **redeem** (to pay back the taxes, interest and fees) to return the property to good standing.
- The redemption period depends on the classification of the property. See 35 ILCS 200/21-350.
- Subject to limited exceptions, the redemption period is as follows:
 - Commercial/industrial properties: 6 months
 - Vacant lots: 6 months
 - Residential properties: 2½ years
- However, the private buyer or no-cash bidder can choose to extend the redemption period to a maximum of 3 years from the date of the Scavenger Sale. See 35 ILCS 200/21-385.

SCAVENGER SALE

WHAT IS A TAX DEED?

- If the property owner fails to redeem property taxes within the redemption period, the private buyer or government entity can be awarded a **tax deed, which grants them ownership of the property.**
- The private buyer or government entity must follow all steps required by the Illinois Property Tax Code in order to receive a tax deed. See 35 ILCS 200/22-5 through 22-85.
- The process to go to deed on a residential property takes more than two and a half years. This lengthy process may discourage participation and bidding at the Scavenger Sale.

SCAVENGER SALE

WHAT ARE THE STEPS TO GET A TAX DEED?

- Private buyers and government entities must take the following steps to obtain a tax deed:
 - **Within 4 months, 15 days after tax sale:** Submit “take notice” to County Clerk, who then mails notice to property owner to alert them of tax sale and last day to redeem
 - **Between 3 and 6 months prior to last day to redeem:** File petition in court for tax deed and send three sets of notices of the tax deed case to property owner and holders of liens on property:
 - 1 notice sent by Clerk of Circuit Court
 - 1 notice served by County Sheriff
 - 1 notice published in local newspaper
 - **After redemption period expires:** File application in court for order directing the County Clerk to issue tax deed. Once deed is issued, record tax deed with County Recorder’s Office within 1 year of last day to redeem (or else deed will be voided).
- **NOTE:** In addition to the above steps, **private tax buyers** must pay all taxes that come due on the property after the Scavenger Sale. No-cash bidders do not have to pay these subsequent taxes.

SCAVENGER SALE – SUMMARY STATISTICS 2007 TO 2019

2007-2019 SUMMARY STATISTICS

LISTINGS BY PROPERTY TYPE

- Over the past seven Scavenger Sales held in Cook County, the overwhelming majority of properties offered were **vacant lots, accounting for 88,015 (60.7%) of all 145,030 listings for sale.**

Classification	Total Listings	Percent
Vacant Lots	88,015	60.7%
Residential	47,618	32.8%
Commercial/Industrial	9,397	6.5%
Total	145,030	

The 145,030 listings in the seven sales account for **51,320 unique properties**, since many of the properties are offered at multiple sales.

2007-2019 SUMMARY STATISTICS

RESULTS BY YEAR

- Over the seven sales, **just 8,449 (5.8%) of 145,030 listings were sold** to private buyers.
- **136,581 properties (94.2%) were not sold** to anyone.

Year	Sold (To Private Buyers)	No-Cash Bid Other Governments	No-Cash Bid Land Bank	Not Sold (Forfeited)	Total Listings
2007	1,326	134		2,806	4,266
2009	545	33		8,642	9,220
2011	918	193		17,457	18,568
2013	1,198	283		22,496	23,977
2015	1,619	353	7,777	23,003	32,752
2017	1,094	79	9,564	17,044	27,781
2019	1,749	156	9,190	17,371	28,466
Total	8,449	1,231	26,531	108,819	145,030

Combined: 136,581

The 145,030 listings in the seven sales account for **51,320 unique properties**, since many of the properties are offered at multiple sales.

2007-2019 SUMMARY STATISTICS

51,320 UNIQUE PROPERTIES

- Properties have been listed multiple times at the seven Scavenger Sales between 2007 and 2019. There have been **145,030 total listings** for the seven sales.
- The 145,030 figure translates into **51,320 actual, unique properties** because many are offered at multiple Scavenger Sale years.
- Of the 51,320 unique properties:
 - **25,601 are vacant lots**
 - **21,171 are residential properties**
 - **4,548 are commercial/industrial properties**

Classification	Unique Properties	Percent
Vacant Lots	25,601	49.9%
Residential	21,171	41.2%
Commercial/Industrial	4,548	8.9%
Total	51,320

SOLD STATISTICS

SCAVENGER SALE RESULTS OVER LAST 7 SALES (2007-2019)

- Of the **51,320 properties** offered at Scavenger Sales 2007 through 2019, **3,655 have been sold at least once at a Scavenger Sale**, but never forfeited or received a no-cash bid.
- Of these 3,655 properties, **177 were sold at more than one Scavenger Sale**. Likely reasons that these properties reappeared at future Scavenger Sales are:
 1. Tax buyer did not complete the process to receive a tax deed
 2. Taxes for future years were not paid after taxes were redeemed or deeded

Scavenger Sale Results	Commercial/Industrial	Residential	Vacant Lots	Grand Total
Sold One Time	446	2,391	641	3,478
Sold Two Times	37	96	32	165
Sold Three Times	3	4	5	12

DEMOGRAPHICS

DEVELOPMENT – MATTESON AND LYNWOOD

- In addition to Matteson and Lynwood’s population growth, both show signs of increased development not only when compared to the 29 Black suburbs, but when compared to **all cities/villages countywide**, regardless of racial makeup.
- **In fact, Matteson and Lynwood are ranked first and fourth** countywide in the percentage of **new properties added between 2000 and 2019**, a sign of development.
 - Matteson’s property count increased from 4,837 to 7,128 (47%).
 - Lynwood’s property count increased from 2,468 to 3,380 (37%).

Rank	City / Village	2000 Total Properties	2019 Total Properties	Difference	% Change

10	Willow Springs	2,506	3,032	526	21.0%

DEMOGRAPHICS

MATTESON AND LYNWOOD

- Out of the 29 Black suburbs, Matteson and Lynwood also have a relatively low percentage of their properties on the Scavenger Sale, at 4%.
- Matteson and Lynwood's high population growth and increased development, shown on prior pages, are contributing factors to their low Scavenger Sale numbers.

Rank	Municipality	2019 All Properties	2007-2019 Scav. Sale Properties	% of Scav. Sale / All Properties

MARKET VALUE ANALYSIS

SCAVENGER SALE

MARKET VALUE ANALYSIS

- Of **50,554 properties** with known market values offered at the Scavenger Sale between 2007 and 2019:
 - **21,589 (42.7%) owed taxes that were more than half of the market value.**
 - **11,562 out of the 21,598 owed taxes that EXCEEDED the market value of the property.**
 - 11,562 is 22.9% of all 50,554 properties offered at Scavenger Sale.
 - Market value was not available for 766 properties.
- Of 26,027 **vacant lots**, 7,672 (29.5%) owed taxes that exceed the market value of the property.
- Of 20,253 **residential properties**, 2,449 (12.1%) owed taxes that exceed the market value of the property.
- Of 4,274 **commercial / industrial properties**, 1,441 (33.7%) owed taxes that exceed the market value of the property.

Note: Market values were determined by the Cook County Assessor's Office. For each property, the market value used was for the year of the Scavenger Sale at which it was offered. If a property was offered at multiple Scavenger Sales, the latest sale year's market value was used.

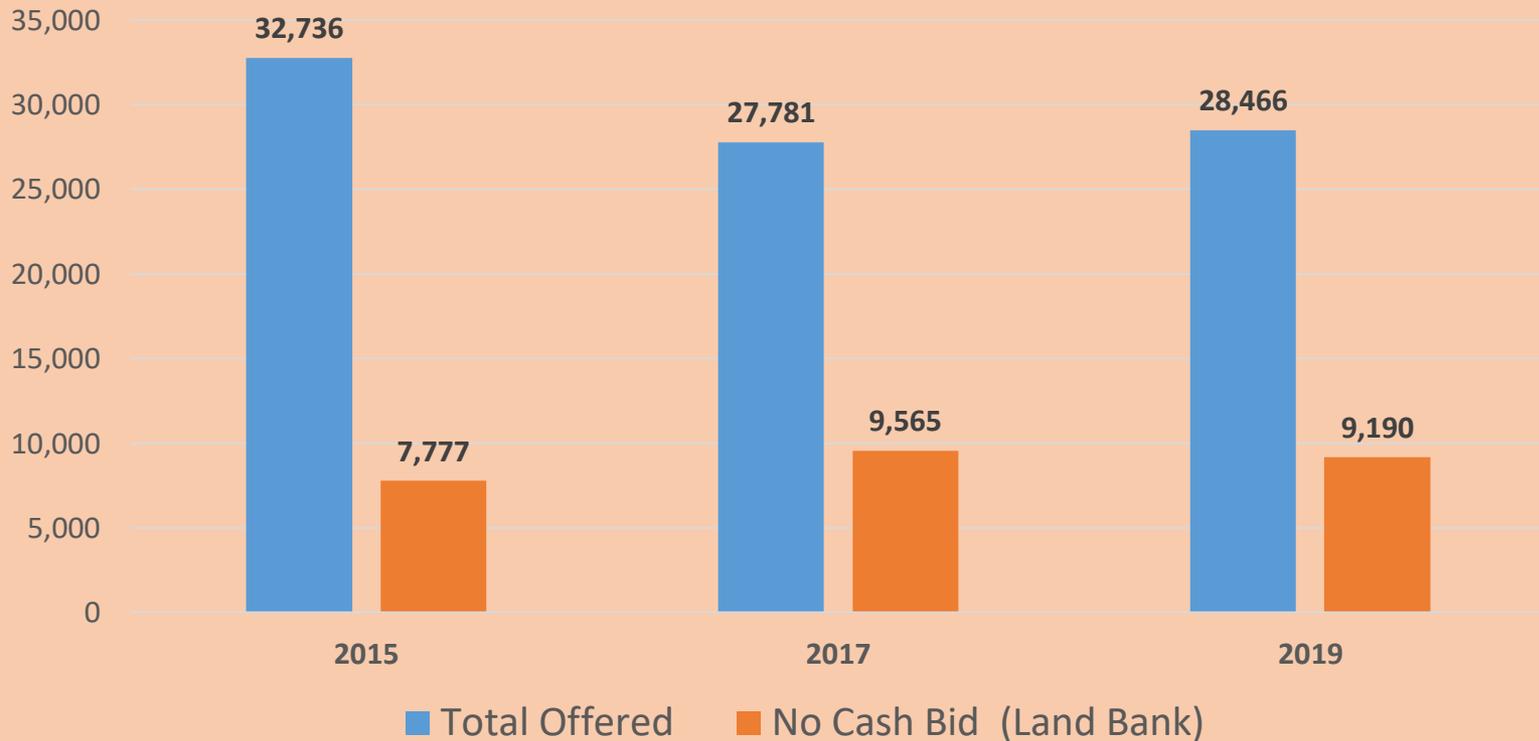

COOK COUNTY LAND BANK

LAND BANK

- The Cook County Land Bank Authority has participated in the 2015, 2017 and 2019 Scavenger Sales.
- The **Land Bank placed no-cash bids on 26,532 (29.8%)** of the total 88,983 property listings at those sales.
